Koningin Elisabethzaal opts for wood and metal fabric in a shoe box

WORLD WIDE WEAVE

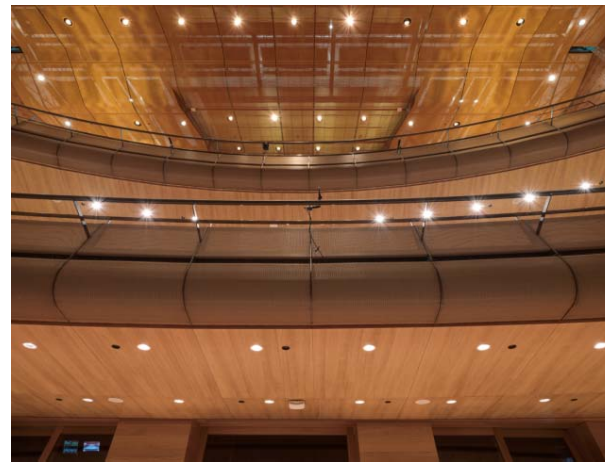

Picture 1: The ceiling and the back wall of the stage of the Koningin Elisabethzaal were clad with 1,600 square meter of the fabric Alu 6010 by GKD.

Picture 2: The acoustic neutrality and exclusive look were decisive factors in opting for GKD-fabric at the concert hall in Antwerp.

Picture 3: Reflectors clad in metal fabric by GKD as well as frames covered in the same fabric ensure a magnificent sound experience.

Picture 4: Semitransparent metal fabric by GKD conceal the bare ceiling and the technical installations above of the Koningin Elisabethzaal.
